**Editorial**

I feel proud & pleased to introduce you the first issue of online journal, *"International Journal of Advanced Engineering & Innovative Technology (IJAEIT)",* a bimonthly peer reviewed open access journal for Engineering  scientist and & related professionals.

The objective behind the beginning of this journal is to help students, researchers & scientists worldwide to benefit from the high quality & peer reviewed scientific articles & to communicate their high performing works in the entire arena of engineering sciences. IJAEIT is committed to the promotion of research & dissemination of knowledge in Engineering sciences & related multidiscipline.

We have an excellent Editorial Board to advice us of all the exciting current & future trends in the field of engineering sciences. The editorial team is constituted by eminent members of industry & academics from various disciplines & geopolitical region. We strongly believe that IJAEIT will provide an international forum for the development of engineering research & technology. It will also provide the platform for the industry- academic interaction & hopefully will foster & enhance the collaborative efforts. With the help of high quality editorial team, reviewers & authors, we hope that our objective will be achieved in near future.

It would be my great pleasure to thank all the editorial board members, reviewers & authors for their co-operation & support in bringing this inaugural issue of the journal possible & make it a grand success. I take this opportunity to warmly welcome all students, fellow technologist, researchers & professionals to submit their valuable research work for publication in IJAEIT.

Thanks.
